AND there will be an archive of back issues online so that you can view and download them any time. There is even a feature where you can "browse through" the pages of a past month to find the theme or activity you are

looking for quickly and easily. There will also be an index of past issues you can check.

AND each month, you will also receive additional timely, age-appropriate activities via e-mail along with special links to activities on our family web site: [www.familytlc.net](http://www.familytlc.net). You can forward this activity-filled e-mail to your families in your program if you wish.

We invite you to contribute to our Caregiver Club Blog as well. Send us ideas, activities, and comments or respond to the comments of others. If we use your ideas in an upcoming newsletter, you will receive full credit and a three-month extension on your subscription!
